(WLNS) - Just hours after declaring victory over his Democratic challenger, this morning Governor Rick Snyder spoke candidly with 6 News about the personal impact of being re-elected to office.

6 News was the only mid-Michigan station to meet with Snyder early this morning. He spoke about the voters "renewing his contract for four more years" and the personal enjoyment he gets from being elected by Michigan voters.

6 News reporter Nick Perreault will have more on Governor Snyder's re-election today both online and on 6 News at Noon.
