Dear Ms. Jackson:

We regret to inform you that your appointment to the Commission on Juvenile Justice is no longer a valid or legal appointment due to your failure to complete your oath of office and return it to Governor Snyder's office within the required 60 day period following your appointment.

Your appointment letter and oath of office was mailed to your home address on October 28, 2016, and our repeated attempts to reach you via phone and via email have gone unanswered, thus nullifying your appointment. We trust you understand our need to move forward and fill your vacancy. Thank you.

Sincerely,

Liz Lukasik
