Hi IWG!

Our campuswide celebration of Native American Heritage Month kicks off on Friday! Take a look at the calendar of events and please share widely.

I hope to see you out and about at these events :)

Subject: Native American Heritage Month Invitation & Calendar

Greetings!

On behalf of MESA & the Native American Heritage Month Planning Committee, we are excited to extend an invitation to join us for this year's Native American Heritage Month (NAHM)! NAHM is celebrated annually during the month of November in observation of the hxstories, cultures, and contributions of Native Americans and Indigenous Peoples. We are excited for this year's events including Survivors Day Feast, the Almost Lost Art of Hula Kiʻi, the Power of Native Women, and many more! For a full listing of events, please visit this our **NAHM webpage.** Additionally, please find the calendar attached. If you would like hard copies of flyers, please let me know and I'll send some over.

We hope that you can help us share the Native American Heritage Month 2018 calendar with colleagues, students, and other community members at U-M. Please let me know if you have any questions and I hope to see you at this year's events!

Best,
chee ia
