Subject: Your Request to Address the Michigan Student Assembly

Dear Mr. Shirvell,

Thank you for expressing your interest in speaking to the Michigan Student Assembly. Your request to address the Assembly has been granted.

It is my duty, as MSA Student General Counsel and Assembly parliamentarian, to make you aware of the procedure of the MSA Community Concerns, including the prescribed scope and/or limitations of your presentation. According to the provisions set forth in the All-Campus Constitution and the MSA Compiled Code, each speaker for Community Concerns is allotted five minutes to speak. The total time that the Community Concerns agenda topic is allowed is one hour, and is ended either by the exhaustion of speakers or by the end of the hour. All Community Concern speakers will be given a preference to speak in order of their request, if they are currently enrolled students, current faculty and staff of the University, and alumni of the University. Lastly, speakers who are approved to address the Assembly are required to keep their presentation within the confines of the written request that the Executive board has approved.

As parliamentarian, I will remind speakers if their presentation begins to stray off-topic or is not germane to the scope of their concern. Please note that the MSA Executive Board reserves the right to have final say on the approval of any/all speakers, as well as the interpretation of the rules that govern the conduct of the Assembly meetings.

Best Regards,

Gabriel C. Suprise
Student General Counsel
