IT'S A SIMPLE QUESTION.

SHOULD IT BE LEGAL TO DISCRIMINATE AGAINST GAY PEOPLE?

But instead of simply asking the question, the ballot language will try to confuse you.

Here's what you will see on the November 5th ballot in Ypsilanti:

"Shall the City Charter be amended to prohibit the City from enacting, adopting, enforcing or administering any ordinance, regulation, rule or policy which grants special minority or protected status, quota preference, or other preferential treatment based on homosexual, lesbian, or bisexual conduct or relationship?

WHAT'S GOING ON ?

A powerful man with a personal agenda is attempting to permanently exclude gays, lesbians and bisexuals from protection by amending the Ypsilanti City Charter.

Tom Monaghan, former CEO of Domino's Pizza, wrote a personal check of nearly $7,000 to start this ballot initiative.

Now the City of Ypsilanti is being forced to vote again on protections already granted by our elected leaders, endorsed by them a second time and *overwhelmingly* approved by voters a few years ago.

The offensive started with misleading petitions and continues with confusing ballot language. Now they have begun to use inflammatory rhetoric designed to malign and promote fear against gay people. Their language shows they're trying to distract voters from the main issue of discrimination.

REGARDLESS OF PERSONAL OR RELIGIOUS VIEWS ABOUT GAY PEOPLE, REASONABLE VOTERS AGREE IT IS WRONG TO DISCRIMINATE AGAINST THEM.

WHY VOTE NO DISCRIMINATION?

TELL THEM TO LEAVE US ALONE.

The City of Ypsilanti has been getting along fine since non-discrimination laws were extended to gay people. There's no need to change.

DISCRIMINATION IS WRONG.

Everyone deserves equal protection under the law. No one group of people should be singled out and denied protections.

DISCRIMINATION IS BAD FOR YPSILANTI.

We pride ourselves on being a friendly and diverse community. An anti-gay charter would give Ypsilanti a black eye and drive away our growing economic development.
