A group of outsiders actually wants us to change our City's Charter to make it legal to discriminate against gay people. We think that's wrong.

They even want to risk killing our entire Fair Housing and Human Rights Ordinances, which would eliminate protections for everyone. *(Judge Donald E. Shelton, Washtenaw County Circuit Court, August 2, 2002)*

Misleading language like "quota preferences," "preferential treatment," or "special rights" hides the real goal of the amendment. They want no protection from discrimination for gay people — ever.

VOTE NO!

on the AMENDMENT TO THE YPSILANTI CITY CHARTER

It's a simple question: should it be legal to discriminate against gay people? NO.
We have already voted on this question. Why are we voting on it again? Because Tom Monaghan has used his wealth to push his personal views into our elections. What part of NO doesn't he understand?
