Dear Governor Snyder,

I am writing to inform you that I am resigning from my position as representative of public universities on the Pipeline Safety Advisory Board, effective November 1, 2017. In light of the Board's recommendation that Michigan Technological University lead state universities in a risk analysis of the Line 5 Straits Pipelines, to continue to remain on the Board would not be appropriate. It has been an honor to work alongside Director Brader, Director Grether, and the other Board members, and I am proud of what we have accomplished over the past 2 years.

With appreciation,

Guy Meadows

Heidi Grether, Director, Michigan Department of Environmental Quality
