THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION

December 2004

On November 18, SACUA (Senate Advisory Committee on University Affairs) Chair Stanley Berent gave the Chair's annual address to the Regents. In addition to appreciating the Regents' attentiveness during the regular meeting's formal presentation of his report, Professor Berent found particularly valuable this year's additional opportunity to speak informally to the Board through its compensation subcommittee. The large number of Board members and executive officers who were able to attend the Inglis House dinner following his presentation also gratified the Chair.
