Hi All,

I am writing with a proposal:

1. That those who are a part of this group who want to continue working on issues related to creating a more inclusive campus environment in light of the international climate of Islamophobia join the Islamophobia Working Group.

2. And that this group (the UG Ed MAAA Working Group) continue with a focus on passing the baton to another group of students, faculty, and/or staff to organize the next Sharing Stories, Building Allyhood event.

I am proposing this because this group and the Islamophobia Working Group are doing overlapping work and it seems to make sense to merge around that particular objective. Some of you are already a part of the Islamophobia Working Group and some are not. If you are interested in joining, please let me know and I will add you to the email group.

What do you all think of this proposal? If you are in favor, it would be good to know who will continue the work of building allyhood with SAPAC (as was discussed a few weeks ago) or with another group.

Thanks for considering this.
Evelyn
