Rep. Joe Knollenberg
2349 RHOB, United States House of Representatives
Washington, DC 20515

Dear Representative Knollenberg,

The American people have been promised border security for over six years, however, you have decided to vote for an omnibus bill which stripped the $3 billion in border funding. Why?

The $3 billion would have gone towards building the 700 miles of fence authorized by the Secure Fence Act, 45,000 detention beds, and 287(g) training for local law enforcement to process criminal illegal aliens. These are all critical tools needed to secure the border and enforce our laws. It is shameful that Congress has still failed to provide the necessary funding.

The holidays are coming up, and Congress will take another long break. Please do not start your vacation until you have provided the funding necessary to secure the border and protect our nation.

I am absolutely irate that you have decided to vote for a bill which stripped this funding and made the fence non-mandatory. What were you thinking?

Phone me if you would like to talk
about this,

Dr. William Pelletier

P.S. P.S. Please protect the border with a 2-tier fence/barricade.
