Washington, DC 20515-2209

Dear Representative Knollenberg :

Please co-sponsor the Clean Water Restoration Act (H.R. 2421) and work to pass it in 2007. The Clean Water Act is meant to protect all of our lakes, rivers, streams and wetlands. I urge you to act now to support clean water for drinking, fishing, swimming and recreation.

I would appreciate a response.

Sincerely,

MAUREEN LUCAS
