The Honorable
Joseph K. Knollenberg
United States House of
Representatives
Washington, D. C. 20515

Sir:

The New York Times, wrong 51% of the time, say the Democrats are after your job in the next election.

Tell your fellow House members and voters in your District, loud and immediately, that you strongly support drilling for oil in this country.

Voters drive automobiles.

You will be toasting with champagne election night.

Good luck.

Sincerely,

Katherine & Bill Hazzard
