Dear Representative Joe Knollenberg:

I was outraged to hear that the Boy Scouts of America which I am a former member of has asked Congress to issue a commemorative coin so that they will be able to raise an estimated 3.5 million in revenue.

Everyone in this country should be aware that the Boy Scouts of America took the State of New Jersey to the Supreme Court so they could continue there practice of discrimination. They said to the court and the court agreed that they were "not a public accommodation". So why should our government a public institution accommodate their policy of discrimination against gays in admissions, employment and volunteer opportunities. Plus the Boy Scouts also discriminate against nontheist.

The twenty first century has no room for government sanctioned or approved discrimination.

Do not support this cash cow for the Boy Scouts of America and let them raise their money privately as they should.

Sincerely,

Chuck Kesner
