HR219

[redacted] THE SOCIAL SECURITY PRESERVATION ACT (H.R. 219)

To: Joe Knollenberg
Michigan's 9th district

Dear Joe Knollenberg,

I am formally requesting that you immediately cosponsor the Social Security Preservation Act, H.R. 219 now pending in Congress.

The Social Security Preservation Act would prohibit Congress from spending money that is supposed to be going into the Social Security Trust Fund for other purposes, including wasteful, "pork barrel" spending that serves their own political interests…not the public interest.

I think it's outrageous that Congress has already taken $2 Trillion from our Trust Fund and continues to do so year after year — $186 Billion this year alone!

Instead of scaring America's seniors with talk about cutting benefits or raising taxes, you should be talking about how H.R. 219 would REQUIRE 100% of our Social Security Trust Fund would be saved as it should be…and doing your part to see that it is passed into law for the good of today's and tomorrow's senior Americans.

Passing H.R. 219 would ensure plenty of money to pay our Social Security benefits for years to come **without raising taxes or cutting benefits.**

I am a voter in Michigan's 9th district and I urge you to "do the right thing" for your constituency by cosponsoring this critical pro-taxpayer, pro-senior legislation — and doing everything in your power to get it passed before Election Day 2008.

I will be watching very carefully to see what action you take on behalf of your constituents like me who support the Social Security Preservation Act during this election year.

Respectfully,

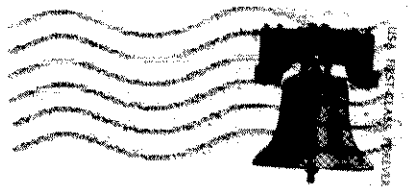

Mary Lou Graeber — 5/28/08
