Dear Representative:

The right to carry a concealed firearm is of great importance, as roughly half a million citizens use their weapons outside of their homes to defend themselves every year.

This constitutionally protected right enables citizens to defend themselves and their families -- and that right should not stop at a state line. That's why H.R. 5782, introduced by Rep. Boozman, is so important. H.R.5782, the SAFE Act, expands the reciprocity rights of law-abiding gun owners to carry their firearms across state lines.

There's a time to talk and a time to act. During this election year, you need to let your constituents know where you stand on gun rights. By cosponsoring H.R.5782, you will be declaring yourself as a pro-gun candidate, which is not only the right thing to do, but is an astute move politically.

Sincerely,
