The SOA/ WHINSEC is a training school for Latin American personnel. The school has graduated 11 dictators and some of the most notorious human rights abusers in the Americas. There has been NO accountability for the infamous torture manuals used at the school. Recently it was found that known human rights abusers are still being trained at the SOA/ WHINSEC and WHINSEC instructors were arrested for drug trafficking in Colombia.

Dear Representative KNOLLENBERG

Congress has the right, and the duty, to demand transparency and accountability in U.S.-sponsored foreign security training. HR 1707, the bill to suspend operations at the SOA/ WHINSEC and conduct a full investigation into Defense Department training in Latin America, would help do just that.

As your constituent, I urge you to represent my views in Washington; please cosponsor HR 1707, and support any measure in Congress that would suspend operations at the SOA/WHINSEC or prohibit funding for the school.

Sincerely,
