Ms. Lindsey Lee

Office of Joe Knollenberg

Washington, D.C.

202-226-2356

Ms. Lee;

It has now been a MONTH since I sent you a copy of my letter (dated April 8. 2008 and mailed to the Farmington office, who lost it) regarding the "Support Our Troops Day" event. The Congressman has failed to respond (not even with a meaningless "form" letter like Ms. Stabenow and Mr. Levin).

I can only hope that the failure of Mr. Knollenberg to respond is due to his sudden recognition of and embarrassment that he and a fellow self promoter have used the fine young people of our Nation's Military for the past 3 years to advance themselves by the use of the reflected glory and sacrifice of our troops' and their families.

It is truly a shame that I feel compelled to write this, as I HAD the highest regard for Mr. Knollenberg. I am disgusted that he is just as much a useless blackguard and mountebank as our Democratic Senators. I frankly can never again look at him the same way – especially when he shows up at such Veterans events like the dedication of the monument at Perry Mount Park Cemetery.

I have made it a point that politicians will expressly be ignored in the invitations for next year's event, but then it probably won't matter to Joe - It isn't an election year (should he still be in office)!
