US Senator Carl Levin
Washington, DC.

Dear Senator Levin,

I understand you have voted against an amendment to immigration Bill 1348 to make English America's official language. As your faithfull constituent, I would appreciate if you or your fine staffers provided the following information to me:

1. What are the main points in immigration Bill 1348 ? If it in any way provides "a path to citizenship" to the 12 to 20 mil illegal aliens we have here, I am strongly against it.
2. I am a strong supporter of English as the official language in these United States. Nothing else will do, under any circumstances. So, why did you , my dear Senator, vote against that ammendment ?
3. Why is it that with the exception of Domenici (R-NM) who is obviously pandering to the illegal mexican vote, all other votes against English as our official language were from democratic party Senators ? What is going on here ?

Sincerely,

Narimantas V. Udrys
