The Honorable Joe Knollenberg
Michigan – District 9
United States House of Representatives
Washington, D.C. 20510

Dear Mr. Knollenberg,

I am a student at Port Clinton High School. In our Government class we are trying to learn more about Government and the different levels. The class is trying to collect information and gather materials to learn more.

We are constructing albums that have photos and information of Government officials and branches of government. We are hoping that you would help us by sending back an autographed photo of yourself. We would also appreciate any materials you can provide us that you think might be worthy of classroom use. Some items of class interest are: bills, agenda's, calendars, business cards, and biographies.

Also we would like your view on some issues on health care, education, Great Lakes and environment, and tax relief.

We look forward to your response to see how politicians outside our county and district see issues, as we have contacted and received responses from our local officials and representatives and have them on record.

Once again, we would appreciate any materials that you may be able to share with us. Thank you for taking time from your busy schedule to help us learn more about Government.

Sincerely,

Allison Ihnat
