Mr. Joe Knollenberg
9th Congressional District
30833 Northwestern Highway, Suite 100
Farmington Hills, Michigan 48334

Dear Congressman Knollenberg,

My name is Conor Wahl, from Bloomfield Hills, Michigan. I am going into the 7th grade at Bloomfield Hills Middle School. I am also a Boy Scout working on my Eagle Badge.

I am writing to you about Stem Cell Research. I think the research ballot that's up for vote this November should be passed because Stem Cell Research can help people who have cancer, juvenile diabetes, Parkinson's disease. It would also help people who have spinal injuries.

Congressman Knollenberg, please consider doing everything you possibly can to get this Stem Cell Ballot passed. Thank you for reading this letter and for your time being my Republican congressman.

Sincerely,

Conor W. Wahl
