Congressman Joe Knollenberg
Washington, D.C.

Dear Congressman Knollenberg,

First, thank you for your Christmas card. You and your wife make a handsome couple.

Next: Some of my DAR (Daughters of the American Revolution) friends were at the Continental Congress in July in Washington, and, through your office, they brought me a flag flown over the Capitol in my honor.

I was 90 years old in September, and that's when they gave it to me.

Yes, I know this is a political thing, but I am enough of a sentimental patriot to be thrilled to have this flag and the certificate that came with it. Thank you very much for your part in this gift.

Last: My best wishes to you for success in the 2008 election.

Yours very truly,

Lois Lance
