Supplementary Web-Based Resources for *FAST: A Future Aircraft Sizing Tool for Conventional and Electrified Aircraft Design*

Paul R. Mokotoff, Maxfield Arnson, Yi-Chih Wang, and Gokcin Cinar

Last Updated: June 10, 2025

Web-Based Resources

This document lists all web-based resources for the Future Aircraft Sizing Tool (FAST). Rather than including them in a paper, the hyperlinks are included in this separate document to ensure that the authors can update the links (if needed) and prevent any broken links from being published.

The following web-based resources are available for those interested in learning more about FAST:

- GitHub Repository:
  `https://github.com/ideas-um/FAST`
- FAST Software Overview:
  `https://www.gokcincinar.com/software/fast/`
- YouTube Tutorial Series:
  `https://www.youtube.com/playlist?list=PLNbQSl1VumqhNHgNOq9oxm4_Toi4_7v3-`

Contact

Please contact Dr. Gokcin Cinar (`cinar@umich.edu`) with any questions you may have.
