ONE UNIVERSITY

Hello 1U Community,

We hope that this message finds you well. We understand that you must be receiving an overwhelming amount of emails in response to the COVID-19 pandemic, but thought it necessary to reach out about concerns surrounding student access to essential resources.

As many of you know, the libraries on the U-M campuses have closed and students in Flint and Ann Arbor have recently been asked to vacate their dorms. While it is possible to submit a request to stay in the dorm and some ITS computer labs are still available, we remain concerned about housing, food security, and access to the necessary resources to learn and do course work remotely for students from all three campuses.

In order to gain more insight into these issues and offer more effective help, we're asking the campus community to answer the following questions:

What resources are students lacking at this time?

What do you think the University should be working to supply?

What concerns do you have as the situation progresses?

We would greatly value your responses to these questions. Things are changing quickly and we must continue to support one another. If you feel we can support you in any way, please reach out to tdenson@leounion.org.

In solidarity,

Allen Gibson, President of OneUniversity-Ann Arbor

Amanda Saleh, President of OneUniversity-Dearborn

Alysia Treviño, President of OneUniversity-Flint
